

GALLERIES

Galleries are listed in alphabetical order. Each club member can have their own gallery into which they can upload any of their images. Currently a member can display up to 250 images.

For uploading, it is recommended that you create jpg files and resize your images to 800 pixels on the longest edge

UPLOADING IMAGES TO A GALLERY

There are two ways to upload images to the gallery. Some older browsers may not be able to use the **Drag'n'Drop Upload** feature. If this is the case then use the **Single Images** tab instead

1. Log in with your **Username** and **Password**
2. Click on **Galleries** and select **"Upload to My Gallery"**

The screenshot shows the homepage of the Newbury Camera Club website. At the top, there is a banner image of a church with the text "Newbury Camera Club" in blue. Below the banner is a navigation menu with links: Home, About Us, News, Competitions, Galleries, Calendar, FAQ, Contact Us, Members, and Guest Book. The "Galleries" link is highlighted, and a dropdown menu is open, showing "Upload To My Gallery" and "**Featured Album**". Below the navigation menu, there is a "Latest Articles" section with a list of links: Changes to PRINT & PDI Competitions, Previous Winners, Mike Harding & Noel Cullum, Dennis Trophy, and Quarry Wood Cup. To the right of the "Latest Articles" section is a "Welcome To Newbury Camera Club" section with a paragraph of text: "We are a friendly club who pride ourselves in having members of all ages and photographic abilities. Our members enjoy a varied programme of internal, external and inter-club competitions in addition to workshops and visiting guest speakers. We try to cater for everyone."

3. Scroll down to the following part of the screen
