

Newbury Camera Club Newsletter Issue 2 March 2015

- Programme Changes to date (as a result of a presenter unable to attend)

April 2nd Brian Worley will present: Light & lighting - theory & practice

The topic is photographic lighting and Brian will split the session in two parts, a simple presentation with plenty of tips in the first half of the evening, and then in the longer second half he will do some practical lighting demonstrations with pictures beamed straight to the computer and on the projector so people can see what is happening in the Studio set-ups.

Models (probably 2) will be required for the longer practical session; so consider inviting family and friends for this.

The AGM will now be May 28th and the content of the evening of May 21st will be advised soon.

- Mixed fortunes in the SCPF Leagues. We have won Division 6 of the PDI League and will be promoted to Division 5 next Season. However, we will be relegated to Division 3 of the Print Competition. Well done to Jon and all Authors and thanks to all helpers.
- We came sixth equal in the recent Newbury Challenge Plate which was won by Highcliffe and Infinity with Alton in second place. This was an evening of great prints, good food, an excellent raffle and 31 appreciative visitors. Well done to all.
- This year is the 70th Anniversary of Newbury Camera Club and we have applied to the West Berks Museum to run a print and photography exhibition over the Summer. to celebrate this. We have still heard nothing and the application is being followed up.
- The Library Exhibition was well received but we were only allowed restricted space in the foyer for one week from 24th February. The prints in the Carnegie room stayed up until Friday 6th March. Thanks to all who submitted prints and helped at the Library.
- PDI Themes for next Season will be announced soon.
- Planning is progressing for the Summer programme and we hope to announce it after the next Committee meeting in April.
- We now have 56 paid up Members and an average attendance of ~30 on Club nights.
- Thinking ahead to the AGM and next year's Committee; we will definitely have vacancies for Programme Secretary and Internal Competition Secretary and there may be additional Member vacancies. For the Officer's posts, there will be an extended hand-over period and the job descriptions are on the Website. Please talk to existing Post Holders if you are interested.
